

ENERGY SAVINGS MICROLOAN

Are Utility Bills Eating Up Your Profits?

“The savings we’re going to generate off of our electric bill are hopefully going to put us in a position to be able to hire another part-time staff member. That’s huge, to be able to provide a job just by changing light bulbs.”

**Robert Lawson, Kentucky Music Hall of Fame
Mt. Vernon, Ky
\$6,555 Savings Per Year**

MACED's energy microloan helps business owners take advantage of energy saving opportunities without worrying about the cost. The monthly loan payment is equal to or less than the savings on your utility bill. This means you get energy efficiency without any additional out-of-pocket expense. Best of all, our certified energy specialist will review your project to be sure it's the best fit for your business.

Read other side to learn how your enterprise can save some green.

www.maced.org
